

The High Weald Academy

The High Weald Academy is a small school serving a widespread rural area. There is a calm and orderly environment and a commitment to excellence in all aspects of academy life. The welcoming and family ethos is reflected in our PRIDE values and in our cohort structure which promotes a strong sense of community and belonging and supports students to develop and flourish both academically and as young people. The High Weald Academy has high expectations of all students and aims to ensure that students achieve the highest possible academic results as well as supporting them to develop as good citizens able to take their place in the world.

Exam Season Fast Approaches THWA Top Tips for **REVISION!**

Exam season is like a rite of passage in any young person's life. An event which can feel insurmountable and never ending but, as we all know, there is life after the exams and like any dreaded task it is best tackled with a positive attitude and with plenty of planning. So here are our top 5 tips for revision:

1. Make sure you know the date of each of your exams and plan back from each one to identify 'chunks' of time for different topics – little and often is the key to success.
2. For each subject make sure you know the list of topics for the exam and begin by revising those you are least confident about.
3. Be disciplined, find time for revision but also find time for the other things in your life which will help you feel in control. Just make sure there is a good balance.
4. Make sure that you make use of the full range of resources available to you to find our preferred revision style – it may be using online apps, it may be making revision cards or it may be working with others in a study group. Find your style and exploit it to the maximum.
5. Keep going – the end is in sight so don't give up.

Meanwhile, down on the farm...

We would like to thank all of the families, friends, students and staff who braved the wintery conditions for our annual Lambing Weekend this year. We had over 2000 visitors over the course of the snowy weekend in March and raised significant funds to continue to support the work that Mr Cooper and the Young Famers complete. The work doesn't stop with that weekend though and over the next few months we have several activities taking place including a visit by Applied Inspiration, part of the School Farms Network, who will be running a series of workshops with students in Yrs 7 – 10. We will also be working hard to ensure that our Peace Fields Poppy Project is ready for the commemorations of WW1 this summer. If you would be interested in finding out more about the work we do on the farm or would like to bring a group to visit us please contact us either by calling 01580 712754 or emailing enquiries@highwealdacademy.kent.sch.uk.

Keeping in touch!

Don't forget that to stay up to date with the latest information about our school you can follow us on both Facebook and Twitter. Our website is also regularly updated with our latest news stories.
