

22 January 2019

Dear Parents/Guardians/Carers,

Year 11 STAR Project - Thursday 31 January 2019

There are now about 10 teaching weeks until the first formal examinations start. Effective revision is a skill that needs to be learned and it is essential that the Academy works closely with you to support your son/daughter in making excellent preparations for the summer examination season.

On Thursday 31 January, we are running a day of events to cover key revision approaches, learning techniques, how to use knowledge organisers and personal learning checklists, the importance of a healthy lifestyle, teambuilding activities and finally, how to create and use a revision timetable.

Students will be able to attend in non-school uniform, with lunch prepared for them.

Year 11 Parents STAR evening will follow this event at 6.00pm. We would like to help you support your son/daughter and have some practical ideas of how we can all work together, to ensure your child is prepared and focussed for their GCSE period. This is also an excellent opportunity for parents to raise any queries or concerns you may have.

Please can you confirm your attendance by completing the reply slip below. We look forward to seeing you all at our Parents Star Evening.

Yours sincerely

Mrs V Coleman
