

29 March 2019

Dear Parent/Carer,

Show My Homework (SMHW) Platform

Since January we have been using the Show My Homework platform within the Academy, and this has supported the students to become more independent and establish the work/academy commitment that is necessary for them to be successful in their GCSEs.

In order to support students further we have set up a homework clinic facility that will initially operate on a Monday and Thursday between 3-4pm. This will be held in Room 25 and will be manned by a member of staff who can support your son/daughter.

If your son/daughter finds it difficult to complete homework outside of academy hours and/or is having access problems to SMHW, this clinic can help to support him/her to be more successful.

Please can you encourage your child to attend, to ensure that they keep ahead of the work and establish the work commitment that will support their GCSE success.

Yours sincerely

Sebastian St John
Assistant Principal
